

Summer Baby Remembrance Service
Sunday 10th July 14:00 - 16:00
Royal Berkshire Hospital Chapel

At this time of year, the Willows Support Group and Maternity Bereavement Team would usually be inviting you to our Summer Remembrance Service. Due to Covid - 19 restrictions at the hospital, sadly we are still unable to hold the usual service in the Hospital Chapel.

Families are welcome to attend the Chapel to light a candle and place a tag on the Blossom Tree for their babies on the 10th July between 14:00 - 16:00.

The Maternity Bereavement Team, The Hospital Chaplain and The Willows support group will be attending.

For any families who are unable to attend, you are welcome to send a message to be added to the tree and we will light a candle in memory of your baby. We would encourage any families attending to wear a face covering.

We will also be sharing a virtual service via the Willows support group Facebook page on Sunday 17th July.

If you would like your baby's name to be included in the recorded service or are unable to attend to place your message on the tree please contact the maternity bereavement team or Willows support group by the 8th July.
